For New Bridge at Montague.

MONTAGUE, July 20 — At a special town meeting today $5000 was appropriated to build a new bridge over Saw Mill river. Other appropriations were: For Turners Falls as follows: $800 for widening Prospect st, $2700 for the ventilation of school houses on Central and G sts, $500 for grading 5th st. It is expected that now an electric road for two miles will be built from lake Pleasant to the old town of Montague by the Pierce construction company and connection then be made with the Montague street railway.

Lake Pleasant Line. Early municipal venture? $5000 appropriated at Montague Town Meeting to build new bridge over Saw Mill River for "connection then to be made with the Montague Street Railway" between Lake Pleasant and Montague Center/Turners Falls.
